

MADE SAFE

certifying products are Made With Safe Ingredients

STATEMENT OF CERTIFICATION

– March 13, 2026 –

The MADE SAFE® seal means that a product is *made with safe ingredients*® and made without chemicals known or suspected to harm human health, animals, or ecosystems.

MADE SAFE is the only human health and ecosystem-focused certification that applies to a wide variety of everyday products. Every ingredient is evaluated for human and environmental harm, including toxicity, persistence, and bioaccumulation. When you see the **MADE SAFE** seal, you can trust that the product is made without the intentional use of more than 15,000 harmful substances and meets the highest standard for safety and transparency.

The following Hapsy products
